Dear Marc,

On behalf of the men at the Arthur Kill Medium Secure Correctional Facility and Theatre Rehabilitation for Youth (TRY), I'd like to thank you for the fabulous performance you gave at the prison last evening. It was quite obvious how you amused, fascinated and held the interest of the audience throughout the entire show. Their requests to have you return is their highest form of compliment because they are very choosy about how they want to spend any spare time that they have.

I, personally, am not surprised by their reaction as the performances you gave for the TRY senior citizen luncheon/theatre program were lots of fun and deeply appreciated.

I look forward to having the opportunity to see you perform again in the future.

Very truly yours,

Pearl Tisman Minsky
Executive Director (TRY)
