Dear Marc,

My husband and I wanted to extend our thanks to you for the spellbinding entertainment you provided for our guests at our daughter's Bat Mitzvah at Tappan Hill last weekend. You did an exceptional job of engaging a large group of both adults and children with your repertoire of illusions as well as with your humor. I have received numerous phone calls over these past few days with our guests commenting on how much they enjoyed your lively and intriguing performance.

Although my husband and I have attended many events where you have performed, your work is always fresh and you manage to connect with your audience in a personal way that never fails to make the evening most memorable. We look forward to seeing you at the 21 Club if not sooner.

Warmest regards,
